

Where The Good Life Grows

DISCOVER ORCHARD ECOVILLAGE, CAYMAN'S FIRST TRULY SUSTAINABLE COMMUNITY FOR THE 21ST CENTURY

Orchard Ecovillage is a 21-acre inclusive master-planned lakefront community in Lower Valley, the agricultural heart of Grand Cayman. The raw beauty of Beach Bay Cove is just a mile down the road and the soon-to-be-built East-West Highway extension that's a minute away will cut travel time to Georgetown by half.

Orchard is setting a new global standard for sustainable communities that brings out the best in residents while restoring and protecting the natural environment.

Orchard Ecovillage offers investors and residents a safe and modern live/work/play/learn/grow community with thoughtful amenities including a fully equipped wellness center, cabana side pool, yoga and pilates studio, an onsite greenhouse and farmers market, a school and a co-working innovation center.

Orchard owners have the option to add their homes to the professionally managed rental program supported by on-site Concierge and Property Management services.

Live

Orchard is a place of belonging; we live our motto "Where The Good Life Grows" every day.

Our homes are powered by nature. We pick ripe mangoes off the tree. Kids ride their bikes in safety. Rainwater nourishes plants. Fresh food grows at our doorstep.

Neighbors chat under cool tree canopies and enjoy music, food and art events. Cars are optional thanks to our bike stations, Ride sharing program and daily Village shuttle service to town.

Relaxing. Healthy. Affordable.
The Good Life as it is meant to be.

Play

Immerse yourself in Nature. Explore bike trails, yoga in the park with friends, lake kayaking, poolside fun and relaxation programs in the Wellness Center.

Grow

Pickup fresh food from the Village greenhouse and farmers market. Enjoy fruit from trees in Orchard. Join a cooking class. Celebrate food festivals. Meet with a nutrition coach to get your custom healthy food plan. Limitless possibilities are at your door.

Learn

Connect with neighbors while learning and sharing new skills and interests at the Learning Center. Take a woodworking class while kids at the Montessori School learn how to grow tomatoes and build robots.

Work

Run your business or work remotely in well equipped co-working facilities. Be your most creative and productive while meeting others who are living The Good Life too.

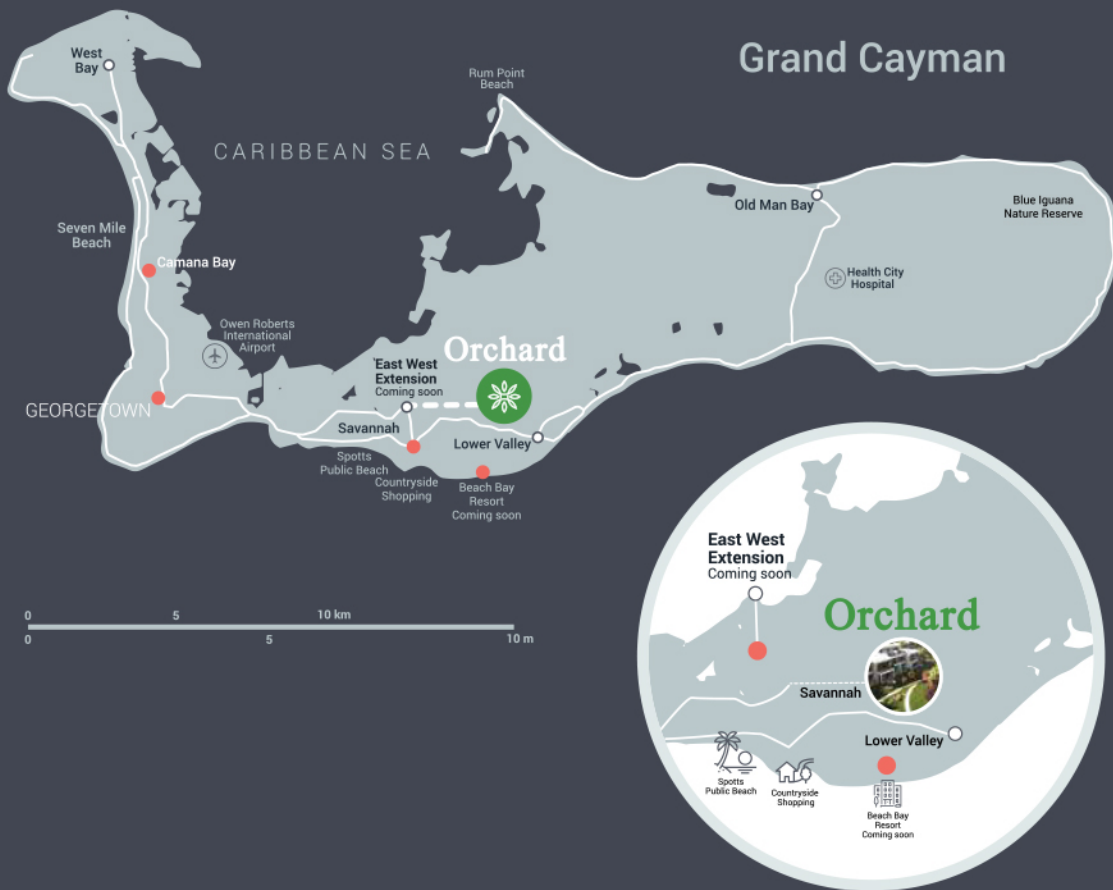

LIVE THE GOOD LIFE AS IT IS MEANT TO BE

ATTRACTIVELY-PRICED
1 BEDROOM FLATS
2 & 3 BEDROOM TOWNHOMES

ECO-SMART - Built using materials, technologies and design to improve air, water, sound and lighting. Solar panels ensure low energy costs. Hydro panels create water from air so families can fill up on spring-fresh drinking water without buying single-use plastic bottles.

IMPRESSIVE DESIGN - Choose from modern design with warm details, or a more rustic ranch look. Intelligent floor plans, furnishings and amenities that adapt to your changing needs whether you are a working professional, entrepreneur, growing family, or retiree.

"CAR-LITE" LIVING - Get around with Village bikes, Ride sharing program, and the daily Village shuttle to Georgetown, Camana Bay, and island schools. Win back time wasted behind the wheel stuck in traffic. Now it's possible.

EXPERIENCE A NEW WAY OF LIVING

Orchard Ecovillage is just minutes away from the new East West Highway extension (planned completion Dec 2020) cutting travel to Georgetown, Camana Bay and Seven Mile Beach by half. Shop and bank at nearby Countryside Center and get medical services at Health City.

Our 1, 2, and 3 bedroom homes will feature the very best of energy saving technology and modern conveniences combined with inviting contemporary interiors — all in the serene environment of one of the most natural spots in Grand Cayman.
